# Description Lists

**First term**

The description of the first term, long enough that it wraps onto a second line of the page.

**Second term**

**Alternate term**

A description for two terms.

**Term with blocks**

A paragraph attached to the description.

- a nested list item
- another one

**Last term**

Last description.

*Horizontal list*

| | |
|---|---|
| **CPU** | The brain of the computer. |
| **Hard drive** | Permanent storage for operating system and/or user files. |
| **RAM** | Temporarily stores information the CPU uses during operation. |

A paragraph between.

```
require 'sinatra' ①

get '/hi' do ②
  "Hello World!" ③
end
```

① Library import

② URL mapping

③ Content for response, which is long enough to wrap onto a second line in the callout list item.

Closing paragraph.
